Bronx, NY | 646-355-6474 | [esthermallen29@gmail.com](mailto:esthermallen29@gmail.com) | [LinkedIn](#) | [GitHub](#)

## Profile

Determined and self-motivated computer science student with technical skills like SQL and C++, as well as soft skills like teamwork, problem-solving and communication. Won first place in an Ideathon competition, by creating a website with a prototype alongside a group of computer science and marketing students.

## Skills

### Technical skills

- SQL, C++, JavaScript, CSS, HTML

### Soft Skills

- Teamwork, Problem-solving, Communication.

## Experience

### Computer Science Intern | BMCC Tech Learning Community Internship 06/ 2022 - Present

- Implementing our ideas from the IDEATHON Project into an app or website using MongoDB, Node.js, HTML, CSS and JavaScript.
- Developing a forum page using JavaScript.

### Consumer Safety Team | Ideathon | [Live Site](#) 03/ 2022 – 04/ 2022

- Applied computational thinking to create a proposal to inform and enhance Con Edison's public outreach.
- Built a website with a prototype with other computer science and marketing students.
- Proposed the tool we used to create the website and design.

### Solving Problems with Critical and Creative Thinking | IBM Skillbuild 1 month course

- Learned to strategize ways to solve critical and computational problems in an industry.

## Education

### Associates of science | Borough of Manhattan Community College (BMCC) Spring 2021-Present

- Major: Computer Science
- GPA: 3.6/4.0
- Related coursework: Database Systems, Cloud Computing, C++, Discrete Structures, University Physics.

## Language

- Spanish (Advance)
- English (Intermediate)
